

NOTICE TO MEMBERS

FLAG COLOURS AND PIN POSITIONS.

Northern Golf Club will trial a new system using different coloured flags to determine approximate pin locations on each green.

Each green will be divided into three sections and will be assigned a flag colour as listed below:

- FRONT THIRD- YELLOW
- MIDDLE THIRD- WHITE
- BACK THIRD- RED

Green measurements will be approximate and will be measured from the front edge of the green as the hole is meant to be played.

As this is a trial feedback is encouraged so that we may assess its effectiveness. This new system will be implemented from June 15th, 2009.

Andrew Casey
General Manager.
